We love weddings.

We love [lovable] people. It is an enormous treat to have the opportunity to work with inspired couples and their families to create beautiful and artistic pieces of art that hold the promise of a lifetime. This is the perfect business for us! There have been so many great weddings; incredible moments in time that are deep, heartfelt, honest, sometimes humorous, tender and always unique. We are there, capturing each singular moment with careful, light, fun, thorough attention to detail. Artseed is comprised of an illustrator/designer and photographer based in the Valley of the Moon in Sonoma, California. Here we draw from a rich and diverse landscape, interesting local culture and great people. That said, we will gladly accept invitations to work in other great places too.

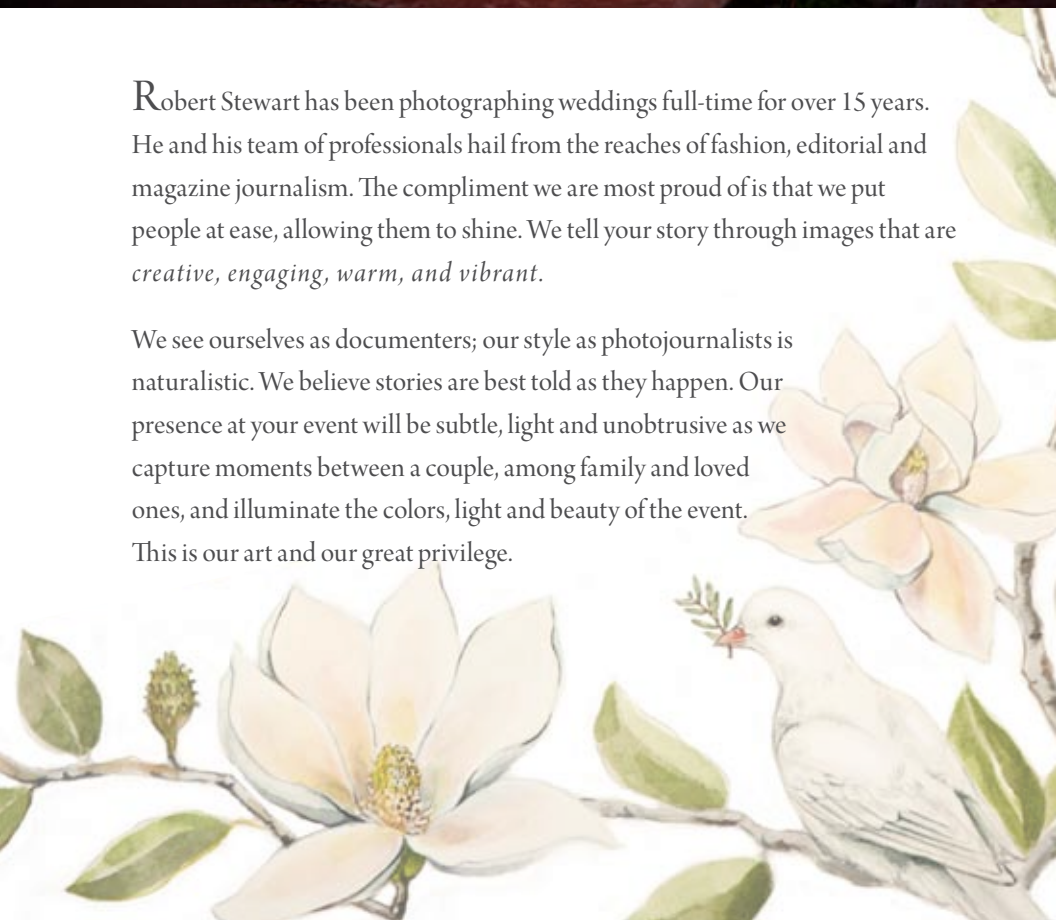

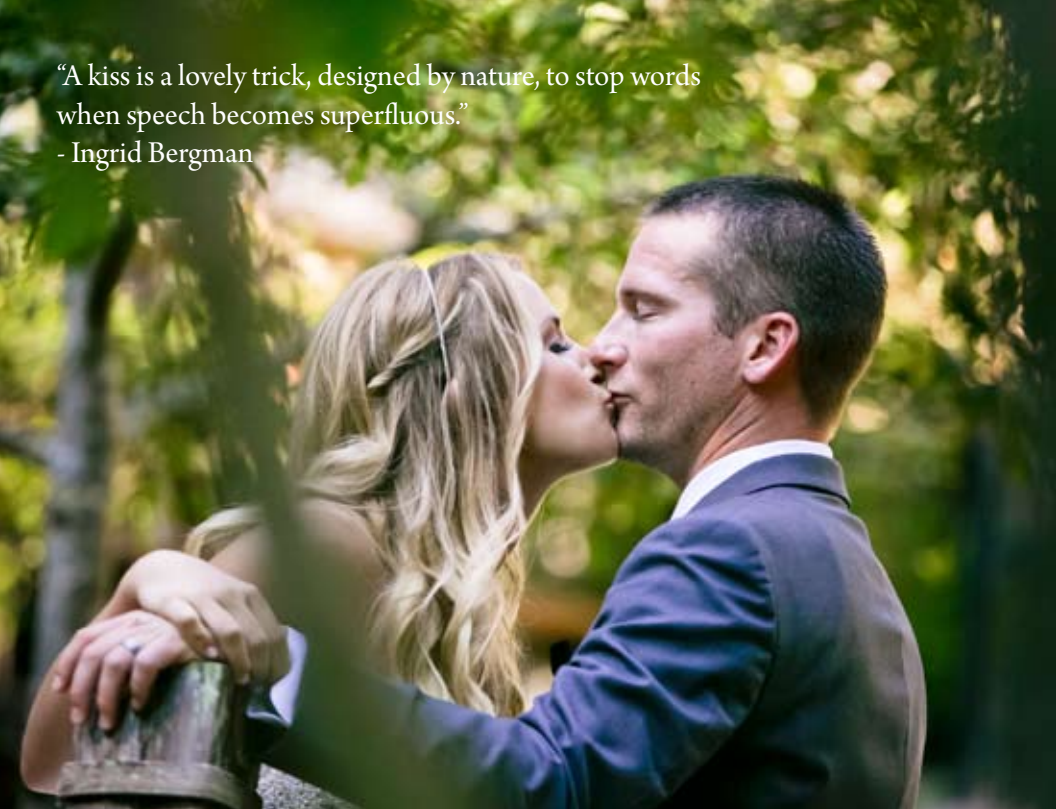

Robert Stewart has been photographing weddings full-time for over 15 years. He and his team of professionals hail from the reaches of fashion, editorial and magazine journalism. The compliment we are most proud of is that we put people at ease, allowing them to shine. We tell your story through images that are *creative, engaging, warm, and vibrant.*

We see ourselves as documenters; our style as photojournalists is naturalistic. We believe stories are best told as they happen. Our presence at your event will be subtle, light and unobtrusive as we capture moments between a couple, among family and loved ones, and illuminate the colors, light and beauty of the event. This is our art and our great privilege.

"A kiss is a lovely trick, designed by nature, to stop words
when speech becomes superfluous."

- Ingrid Bergman

Our imagery discovers the quiet details.

We find moments you never knew would happen.

Each couple is unique, and with that in mind, we've created a base package that is easily customizable: clients receive 8 hours wedding day coverage with Robert Stewart and a second photographer, a 25 page flush-mount album, a custom flash drive of carefully edited, high-resolution images with printing rights, and a private web gallery and store that can be distributed to guests if desired.

Additional options are available:
elopement, engagement,
rehearsal packages.

Let's chat!

"At the touch of love, everyone becomes a poet."

- Plato

“...The details and the composition of the pictures speak of Robert’s great eye and true talents. Robert, thank you from the bottom of our hearts for capturing our special day. Our pictures will always remind us of our great love story.” - Annalee Pineda

“Robert Stewart is amazing. His pictures of our wedding were absolutely perfect. Robert has the instincts and timing of a photojournalist, the artistry of a masterpiece painter, the heart of a poet, the taste of a museum curator and the footprint of a ninja.

It all combines for an experience in which Robert is able to find out exactly what you want and deliver it completely. He is totally invested in every step of the process – before, during and after the wedding itself. Robert makes himself available as an incredibly knowledgeable resource, and we were so fortunate to have been able to benefit from his expertise. Above all, Robert seems to read people amazingly well, and his photos reflect that. People are put at ease in his presence, and he allows them to shine in all their beauty. And to top it all off, when he’s working, Robert is virtually... invisible. It’s amazing to think that he can document every nook and cranny of a huge event like a wedding, and yet it’s hard to remember having ever seen him. A ninja indeed.”

- Nina & Gabriel Stricker

"Robert is not just an incredible photographer, he's an incredible human being. He brings humor, empathy, experience, vision and love to your wedding experience, and the images that he captures reflect it. His images captured the spirit, the flavor and the joy that was our wedding."

- Joshua & Lily Stadler
